

NEW PRODUCTS

DATA SHEET
No. B150

Since its inception in 1968, MEC has been the industry's leader in high power, broadband passive components and waveguides, for microwave and communication systems. Our engineering and manufacturing capabilities are world renown. We have set standards that others follow and are continuously evolving the state of the art.

MEC is constantly producing new products and this section lists the latest available designs. Please contact MEC with your specific requirements. Our engineering staff will be glad to discuss your needs.

DESCRIPTION	MODEL NUMBER	FREQUENCY (GHz)	DATA SHEET NUMBER
Antennas			B115
Cavity Backed Spiral Antenna	Various	Various	B127
Omni-Directional Antennas			B128
Harmonic Absorptive Filters	C70A		B152
Antennas, Special Applications			B156
Combiners/Dividers, High Power, Multi-Port, Coaxial, in Phase			B99
Dual-Polarized Horn Antennas	C390-205		T161
Amplitude And Phase Matched Spiral Antenna	C390-250		T162
Reflector Antenna	C390-272		T163
Waveguide, Extended Bandwidth (WRD500, and WRD250)	Various	4.5-18, 2.5-8	T135
Antenna, Spiral	2010, 2010-1	2-18	T136
Antenna, Spiral	TT818	8-18	T137
Antenna, Spiral	2010-2	2-18	T138
Antenna, Spiral	2070	2-18	T139
Antenna, Spiral	2100	2-18	T140
Antenna, Spiral	C390-188, C390-223	2-18	T141
Antenna, Blade	6050	700-2000M	T142
Antenna, Spiral	C390-227	2-18	T143
Antenna, Spiral	2040, 2040-1	0.5-2.0	T144
Antenna, Spiral	2090	0.5-2.0	T145
Antenna, Horn Lens	Various	Various	T146
Filter, Low Pass, Extra High Power	S70I-501	2.9-3.1	T147
Divider, Super High Power, In Phase	S100E-215	2.9-3.1	T149
Variable Attenuators, Waveguide			T150
Combiners and Dividers, High Power, Broadband	Various	Various	T151
Power Combiner/Divider	WR430		T153
Orthogonal Feed	WR42		T154
Band Pass Filter	WR137		T155
